SUN SAILS

SUN SAILS WITH
ADVERTISING PRINT

Corner-fitted sun sails (triangle)

from 8,2 EUR

[more info:](#)

Sun sails with advertising print are a perfect solution combining the features of protection against sunlight, protection against light rain and advertising opportunities of your brand. Sun sails are particularly valued for their functionality with low purchase costs, stylish look, easy use, versatility, easy installation which can be performed in a manner that is non-invasive for the structure.

Corner-fitted sun sails (square)

from 8,2 EUR

more info:

Sun sails with advertising print are a perfect solution combining the features of protection against sunlight, protection against light rain and advertising opportunities of your brand. Sun sails are particularly valued for their functionality with low purchase costs, stylish look, easy use, versatility, easy installation which can be performed in a manner that is non-invasive for the structure.

Corner-fitted sun sails (rectangle)

from 8,2 EUR

more info:

Sun sails with advertising print are a perfect solution combining the features of protection against sunlight, protection against light rain and advertising opportunities of your brand. Sun sails are particularly valued for their functionality with low purchase costs, stylish look, easy use, versatility, easy installation which can be performed in a manner that is non-invasive for the structure.

Roman strips from 9 EUR

more info:

Roman strips with an optional advertising printing are a stylish decoration and protection against sunlight and light rain. They are valued for their functionality with low purchase costs, elegant appearance, easy use, versatility, easy installation which can be performed in a manner that is non-invasive for the structure.

Gazebo strips

from 9 EUR

more info:

Gazebo strips with an optional advertising print are an alternative to Roman strips. They are narrower so installation is carried out on the transverse beams of the structure. The strips are both a stylish decoration and protection against sunlight and light rain. They are valued for their functionality with low purchase costs, elegant appearance, easy use, versatility, easy installation which can be performed in a manner that is non-invasive for the structure.

**Drapes/Curtains**

from 8,2 EUR

more info:

Sun drapes are a very elegant solution for shading or fencing off a space, with the possibility of adding some advertising printing at the same time. With the thought-out solutions and neat finish, they can be retracted and pulled out without using any expensive systems. They are an effective solution adding some lightness and airiness to spaces. Their additional advantage is that they slow wind and rain.

Retractable sun sails

from: 9,7 EUR

more info:

Standard retractable sun sails are a decoration of space, protecting against sunlight and light rain. Owing to the neat finish, they decorate the space, complementing it perfectly. Well thought-out solutions enable retracting and extending, which requires minimum maintenance. They are a valued choice for their elegant look, functionality, and adjustment almost to any structure.

Roman blinds

from: 19,7 EUR

more info:

Standard Roman blinds are horizontal blinds designed to protect against sunlight and light rain. Owing to the neat finish, they decorate the space, complementing it perfectly. Well thought-out solutions enable retracting and extending, which requires minimum maintenance. They are a valued choice for their elegant look, functionality, and adjustment almost to any structure.

Balcony cover HDPE
from 8,7 EUR

more info:

Balcony cover is a very practical solution for public spaces. It decorates the railings, ensures discretion, gives shade, and protects against wind. It is valued for its functionality, neat finish, easy use and non-invasive installation adapted to many types of railings, as well as its compatibility with our other products.
